Austin
Sunshine
Camps

Founded in 1928, Austin Sunshine Camps provides FREE overnight camp adventures for youth experiencing poverty and youth in foster care. Our Zilker Camp is located in Zilker Lodge, a luxury hide-away in the middle of Zilker Park - a 350-acre escape in the middle of downtown Austin. Our Lake Travis camp is a “home away from home” for our campers aged 12 - 15. Tucked away in the Texas Hill Country, the Lake Travis site provides a natural, rustic landscape for unique and new adventures for our campers.

Camp Photographer and Parent Communication Specialist

At Austin Sunshine Camps, we focus on building **community**, fostering **creativity**, and building **compassion** across lines of difference, and we want to capture these moments to share with families and the world! The Camp Photographer is a crucial player in ensuring that we capture the magic of camp forever! Our ideal Camp Photographer candidate is someone who is passionate about capturing the spirit of summer camp from morning to night! We are not necessarily looking for a professional photographer; we are looking for a CAMP photographer - someone who LOVES summer camp and is passionate about capturing the magic of camp.

Our Camp Photographer will primarily be responsible for capturing high-quality images of all campers and activities. They will then edit and upload images to the camp Facebook page on a nightly basis for parents. This crucial role will also be responsible for additional parent communications, as necessary, through our camp management software. The ideal Camp Photographer will have experience with portraits, landscapes, and sports photography. The Camp Photographer should have the ability to move around uneven terrain for several hours or more a day. A strong interest in working with children is crucial as the interaction between photographer and camper is key for the best shots! Candidates should be prepared to submit a portfolio of work.

Tentative Position Start Date: June 7

Tentative Position End Date: August 14

Requirements

- 18 years or older
- Camera equipment, computer equipment and appropriate software
- Experience with camp, youth development, and/or outdoor programs (preferred)
